Quadrinhos no Campus é um projeto interdisciplinar concebido durante o segundo semestre de 2015, nas disciplinas de Ilustração e Imagens Digitais do Curso de Artes Visuais da Universidade do Extremo Sul Catarinense – Unesc, situada em Criciúma, SC.

A disciplina de Ilustração, ministrada pelo professor Sérgio Honorato, dá conta de introduzir, além da criação dos personagens, o enredo da tirinha, enquanto que na disciplina de Imagens Digitais, ministrada pelo professor Alan Cichela, as tirinhas são arte-finalizadas e coloridas seguindo os critérios dos acadêmicos e orientação do professor.

O resultado se encontra neste livro digital, no qual você poderá visualizar os trabalhos dos acadêmicos que participaram deste projeto, além de visitar seus portfólios pessoais. Os direitos das imagens pertencem exclusivamente a seus criadores.

Obrigado a todos.

APRESENTAÇÃO

As imagens reunidas neste livro promovem e convidam para a experiência. A cada tirinha, novos territórios, novos traços, conversas, giros... Transbordamentos fazem reverberar a imaginação e o humor, tomando como fundamento a História em Quadrinhos.

Quadrinhos no Campus dá visibilidade a 28 jovens acadêmicos(as) de Artes Visuais no exercício do gesto, do traço, da cor e da articulação de diferentes saberes, constituindo-se em uma obra experimental que abriga discussões acerca das concepções sobre imagem, ilustração, propriedade intelectual e autoria.

Os professores Sérgio Honorato e Alan Cichela, organizadores da obra e responsáveis pelas disciplinas de Ateliê de Ilustração e Imagens Digitais, despertam o eco para a necessidade de conexões e inter-relações de saberes no currículo, atendendo ao que nos propomos no Projeto Pedagógico do Curso.

Sinto-me motivado e feliz por poder apresentar este trabalho que mobiliza a construção de novas possibilidades. Parabéns aos professores organizadores e aos(as) acadêmicos(as) envolvidos(as). Assim como aconteceu comigo, espero que ao percorrermos as páginas deste livro, vocês sejam convocados à experiência, à reflexão, ao riso e ao deleite.

Prof. Me. Marcelo Feldhaus
